EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angela Parsons on 5/8/2008.

The application has been amended as follows:

Please cancel claims 51 and 52.

Claim 62 (Currently Amended) The method of claim 37, wherein said biological sample is selected from anal swabs, vaginal swabs, or anal and vaginal swabs.

2. The following is an examiner's statement of reasons for allowance: Claim 37 has been amended to a method for detecting the presence or absence of GBS in a sample which requires a step of contacting a sample with a primer consisting of SEQ ID NO: 1 and a primer consisting of SEQ ID NO: 2 and a hybridization step which requires contacting with a probe consisting of SEQ ID NO: 3 and a probe consisting of SEQ ID NO: 4. The closest prior art is that of Telford in view of Bellin and Wittwer. The specification teaches a specific assay using a primer pair consisting of SEQ ID NOS 1-2, with probes consisting of SEQ ID NOS 3 and 4, respectively, did not cross react with other non GBS bacteria. The claims are allowable over the prior art because it does not teach or suggest this unexpected result nor does it provide any sequence analysis such that the ordinary artisan would be able to construct the claimed specific primer and probe

combination with a reasonable expectation of success at arriving at the specificity illustrated by the specification. The claims are allowable as they are commensurate in scope with the unexpected result taught in the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
